In Review INTERNATIONAL EVENTS

1. British hippies claim that their aim is different from that of American hippies... they don't want to "drop out" of society, but to stay in and change it.

2. French President Charles DeGaulle stirred up a lot of controversy during 1967—here he explains why he feels Britain should not be a Common Market member.

3. Soldiers of the U.S. 4th Infantry Division rest atop Hill 1338 following a fierce battle with the North Vietnamese for the hill in the Dak To area.

4. Israeli soldiers fly their flag from a mosque in the Sinai desert captured by the Israelis during the short-lived Arab-Israeli war in June of 1967.

5. Waving red-colored booklets of Mao's quotations, pro-communist Chinese swarm in front of the Governor's House during May demonstrations in Hong Kong.

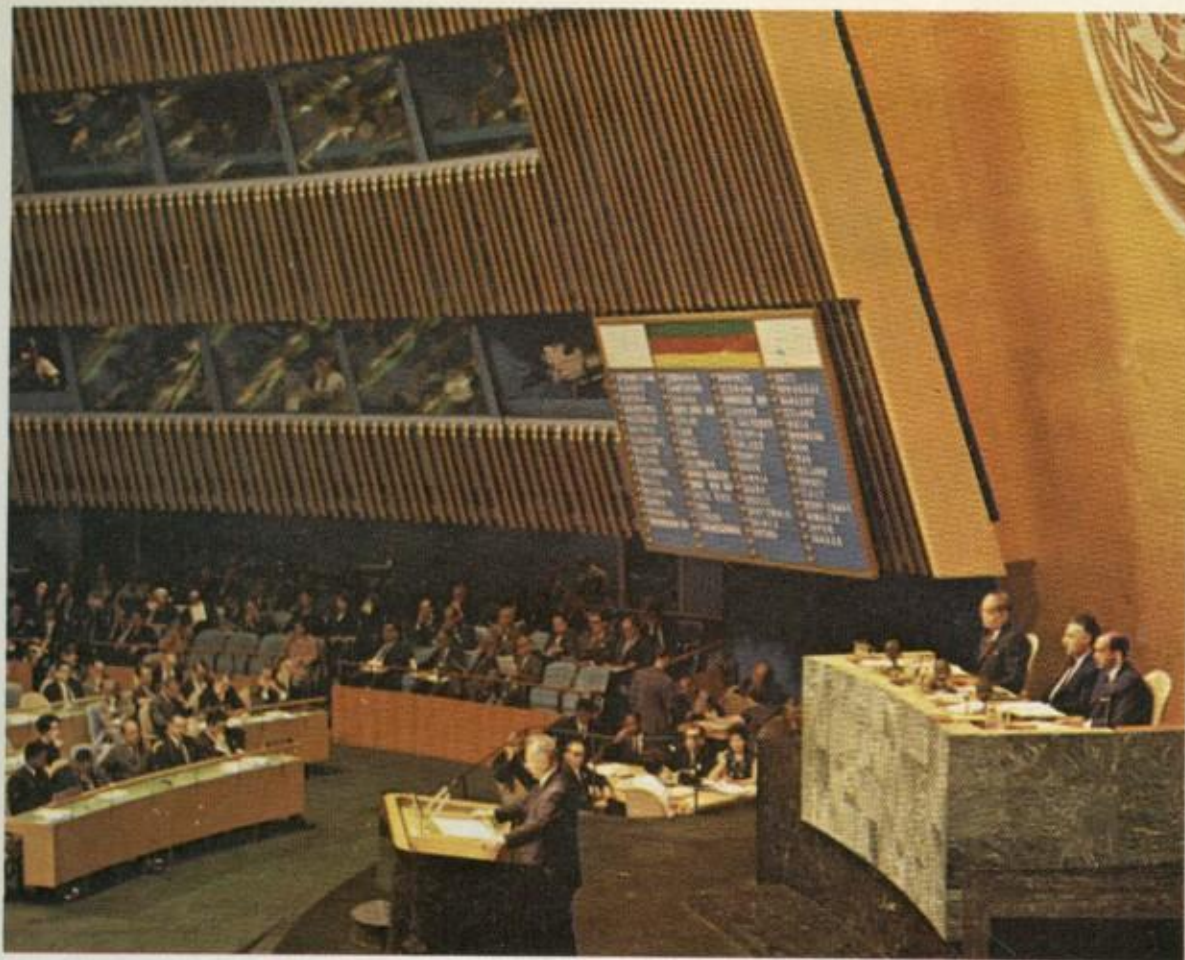

6. Mrs. Svetlana Alliluyeva, daughter of the late Soviet dictator Joseph Stalin, was a bit surprised that her defection created so much stir in the U. S.

7. In June, Soviet Premier Alexei N. Kosygin came to the United States to address the UN about the Arab-Israeli war and later talked with President Johnson.

8. An Army vehicle bears the casket of former West German Chancellor Konrad Adenauer from Cologne Cathedral, April 25, following a Requiem Mass.

9. Suits came back into fashion during 1967. This one was designed by Lito Manalang for a young fashion house, the year-old British Moderns of New York.

10. This wide angle view of the moon's hidden side was taken on August 6, 1967 and transmitted back to the Jet Propulsion Lab in Pasadena, California.

11. Heavy monsoon rains turned most of South Vietnam into a quagmire during the summer of 1967. Here, U.S. marines prepare to board a Chinook helicopter.

12. President Johnson, shown here in Vietnam, staunchly defended the nation's participation in the Vietnam war despite widespread protests and demonstrations.
